Where the ART is!

Dear Fellow Educators,

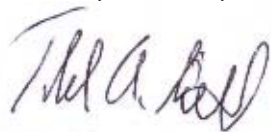

The Dunedin Fine Art Center, a **Pinellas County School approved tour site**, invites you to participate in a wonderful and unique opportunity, the 19th annual children's hands-on exhibit, *Positively Pagemaker: The Art in Storytelling*. This interactive hands on experience for 4.5 to 12 year olds provides an environment where you can explore how integral art is to the written word. Try your hand at writing and illustrating 2 pages in a giant 8-foot book. Also, retell favorite childhood stories with a variety of felt storyboards. Sit in a pyramid and learn how papyrus was made while creating your own stories using hieroglyphics. Explore the updated iPad stations with interactive reading apps. These and more wonderful experiences are waiting for your students here at DFAC and by using Art, Science, humor, and History to explore the theme, fun and learning are boundless.

Our tour consists of three components:

- 1) Students start with a 30-45 minute engaging gallery discussion involving science, history, social influence and impact, principles and elements of design, creative problem solving and humor.
- 2) Students proceed to the hands-on interactive area where they explore, create and build on concepts and images from the original artworks seen in the gallery. Time in the hands-on area is 30-45 minutes.
- 3) Students gather in the studio for a teacher directed exhibit related activity involving imagination and motor skills.

Total tour time is two hours and the Center offers a discounted fee of three dollars per student. **NGSS, FCAT or Common Core Standards** can easily be identified and correlated to all three stages of our tours. We hope your teachers will be able to take advantage of this special resource in this community.

Thank you for your attention,

Todd Still
