## Where the ART is!

Dear Fellow Educators,

The Dunedin Fine Art Center, a **Pinellas County School approved tour site**, invites you to participate in a wonderful and unique opportunity, the 20th annual children's hands-on exhibit, *Fantabulous Foods*. This interactive, hands-on experience for 4.5 to 12 years old provides an environment where you can explore how integral art is to the wonderful world of food. Write and illustrate your favorite food/recipes on a giant 8-foot Cookbook. Sit in a giant food pyramid and design your own 3D pyramid of food. Explore the "Pasta and Pastries" clay activity with a wise cracking chef. Watch out for the joke-telling vegetables on the Fresh Market Chalk Wall. These and more wonderful experiences are waiting for your students here at DFAC and by using Art, Science, humor, and History to explore the theme, fun and learning are boundless.

Our tour consists of three components:

- 1) Students start with a 30-45 minute engaging gallery discussion involving science, history, social influence and impact, principles and elements of design, creative problem solving and humor.
- 2) Students proceed to the hands-on interactive area where they explore, create and build on concepts and images from the original artworks seen in the gallery. Time in the hands-on area is 30-45 minutes.
- 3) Students gather in the studio for a teacher directed exhibit related activity involving imagination and motor skills.

Total tour time is two hours and the Center offers a discounted fee of three dollars per student. **NGSS, FCAT, Common Core Standards, etc** can easily be identified and correlated to all three stages of our tours. We hope your teachers will be able to take advantage of this special resource in this community.

Thank you for your attention,

Todd Still  
Director of Youth Education
