

PALM CAFÉ

at the Dunedin Fine Art Center

HEALTH and SAFETY PROTOCOLS

In looking to keep everyone in the DFAC community healthy and safe, the Palm Café will be adhering to the following protocols through October 31, 2021. These protocols were developed to reflect the current recommendations by the CDC for restaurant service.

All of our staff, whether interacting with you out front, or preparing your food behind the scenes, want you to know that we take your health and safety seriously. That is why you will ALWAYS see us wearing face coverings and perhaps standing a little further away than might feel “normal.”

We ask that you join us in making sure that everyone who chooses to dine with us feels comfortable doing so. You will notice that we have spaced our tables to ensure a safe and comfortable social distance. **We ask you to help us by doing just one thing....** Well, okay, actually two! When you are standing we ask that your mask be in place, fully covering your nose and mouth. When you sit down, we invite you to remove your mask so that you can enjoy your meal and beverages. **Stand up, mask up! Sit down, mask down! That’s all there is to it!**

Thanks for coming in and Bon Appetit!
