PART III.

Objectionable Content

14. Adult Nudity and Sexual Activity

We restrict the display of nudity or sexual activity because some people in our community may be sensitive to this type of content. Additionally, we default to removing sexual imagery to prevent the sharing of non-consensual or underage content. Restrictions on the display of sexual activity also apply to digitally created content unless it is posted for educational, humorous, or satirical purposes.

Our nudity policies have become more nuanced over time. We understand that nudity can be shared for a variety of reasons, including as a form of protest, to raise awareness about a cause, or for educational or medical reasons.

Where such intent is clear, we make allowances for the content. For example, while we restrict some images of female breasts that include the nipple, we allow other images, including those depicting acts of protest, women actively engaged in breast-feeding and photos of post-mastectomy scarring. For images depicting visible genitalia or the anus in the context of birth and after-birth moments or health-related situations we include a warning label so that people are aware that the content may be sensitive. We also allow photographs of paintings, sculptures, and other art that depicts nude figures.
